

## October 2013 NEWSLETTER

**MESSAGE FROM OUR COMMODORE - GEORGE T. UTT**

Thanks to the whole E dock crew and "Tiny Man". The E dock Low Country Boil went off without a hitch. Good food and fun were had by all.

Dave Teets, head of the nominating committee, has provided the committee's recommendations for next year's bridge. Please take a moment and review these recommendations in preparation for our October 26<sup>th</sup> Members meeting. Don't forget the club always needs volunteers for bridge positions, ideas, and any kind of helpful input.

I really have had a great time, and it has been an honor to serve as your commodore this year. No captain is successful without a good "crew" and mine was spectacular! Paige and I have had a lot going on this year with a lot of worries. We didn't make every function, but we all came together as one "crew" and kept the ship sailing. Words really can't describe my gratefulness to all of you for making this a very successful year.

This year's COW will be at the Oceanaire resort in Virginia Beach. Look forward to seeing you all in October!

## MESSAGE FROM OUR VICE COMMODORE - STEVE THOMPSON

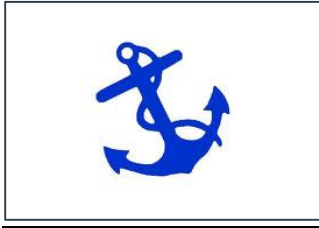

You can make a really good argument for the Fall Boating Season being the best, but I suppose boaters as a general rule can come up with good reasons to be out there anytime! The temps are getting brisk, striper season soon kicks in, and sailing tends to get better as we head into November and early December. Many of us know very well that feeling of a very cold wheel and no gloves, but that doesn't stop us from venturing out even in some pretty bad weather to get as much out of the season as possible before we put things to bed. Recently, Billy Wooten and Bob Ryan delivered a boat from Norfolk north to Rockhold Creek in Deale Maryland. I picked them up the afternoon they arrived in Deale. As I pulled up to the marina, I was reminded how much things can change. When I was a kid, this area of Deale was really nothing more than a river bank and a few old buildings. There was an old sign that said Brown Boys Marine and you could rent an old aluminum Jon Boat for 4.00 a day. We used to sail an old 19ft Lightening Sailboat with a canvas bow into Herring Bay. We had a very old Elgin Outboard someone gave us that my friends and I got running and we would each chip in a buck and rent that Jon Boat. If our parents knew how far we actually took that little boat and motor we would have been grounded!

It's all changed up there now and the river banks are gone replaced with huge marinas and piers and docks that cover everything including the entrance harbor! What I remember is gone, never to return up there and will always remain a great memory. Thankfully there is OLCM and LCYC where you can still see kids playing in small boats, an abundance of riverbanks and wildlife unencumbered by anything at all, and a boating lifestyle we know to be better.

## FLEET CAPTAIN – BILL WEBER

Hi All,

It is getting close to the end of the boating season again, but it is not yet over. This coming weekend Tall Timbers Marina is having their last boat burning on Sunday evening. Since Saturday evening is the chili cook off at the marina, I'm planning to go on Sunday morning and return on Monday morning. TTM has things going all weekend, Friday to Monday. TTM usually has a good crowd and always good food along with live music. TTM is a short 13.1 nm run from OLCM. If you plan on attending, please contact TTM directly at 301.994.1508 to make a reservation.

I know next season is still a long way off, but many people have already made reservations for next year's cruise to Crisfield, MD for Labor Day Weekend. If you might like to go next year, you should sign up now to get a good slip. Cancellation deadline is only 2 weeks in advance, so reserve your slip soon with no risk.

This year's Labor Day weekend cruise to Crisfield, MD was a great success with 12 boats from Lodge Creek making the trip. Let's see if we can get more boats next year. If anyone needs a registration form, please contact me and I can send you or you can get a copy of the form by clicking the below link:

## MESSAGE FROM OUR SECRETARY - ROB VAN ARSDALE

As the year closes down, I will be making some more changes to our website. I will be adding more video and pictures as they are being collected as well as changing the format. I will also be working with the ship store to develop a way to purchase LCYC products from the site. I have some details to work out, but our goal is to offer items directly for purchase, or provide a way to special order items for deliver. Also note that we still have 2014 calendars available, see the link below. They can be purchased at the ship store.

Just a quick reminder, that the D dock function will be October 26<sup>th</sup>. We are getting those oysters lined up, and working on a music solution to add to the fun.

Thanks

Rodney

**MESSAGE FROM OUR E-DOCK DIRECTOR: BILL SULLIVAN**

Well, first I would like to thank everyone on E-dock for all there help and support in putting on a fantastic spread. Special thanks to "Teeny Man" for doing the cooking, believe me it was kinda weird watching and not doing anything. From what I've heard around the marina it was a nice switch up and enjoyed by all. Although the weather was not cooperating very well, it was good turnout. I am definitely looking forward to next year. Any thoughts or ideas to make it better let me know.
