

## September 2015 News Letter

### MESSAGE FROM OUR COMMODORE – BILL SULLIVAN

Hi all,

I hope everyone had a great Labor Day weekend. Jay and his crew did an excellent job with A-Dock's function in August, as always.

The last two functions of the season are coming up. E-Dock's function is up next on the 19th with the low country boil. At the function your proposed 2016 LCYC Bridge will be announced. I hope to see you there.

We extended the Junior Angler Fishing Tournament for the 19th of September. Please contact Bobby Andrade at nmachrh1@aol.com if you cannot make it to the marina to sign up your children. If we do not have enough participants it will unfortunately have to be cancelled again.

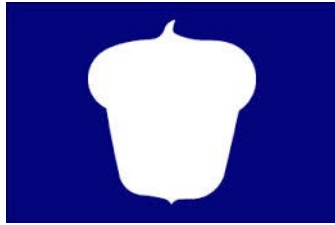

D-Dock's function is October 24th. Trick-or-Treating is from 3:00 to 5:00. Don't forget about the boat decorating contest and the costume contest. At this function the 2016 LCYC will be announced.

We will have the Change of Watch dates and details for you soon. Dave Teets is working very hard in getting us the best deal possible.

Thank you for all your support throughout the year!

Bill Sullivan, Commodore

## MESSAGE FROM OUR TREASURER: CATHY HORNE

Hello Friends!

It's hard to believe that it's September and fall is just around the corner! This summer sure did go by way too fast!!

The A Dock Function was a lot of fun and a big thank you for the A Team for working so hard to make this event a success! The Mexican food was delicious and I loved the white sauce! But I must say that the Margarita Jell-O Shooters were the BEST!!

I've already started receiving 2016 Membership Renewals, so I went ahead and updated the 2016 Renewal Application. You may access the new forms via the web site. A link is also attached in the Renewal Notice Section at the bottom of this Newsletter.

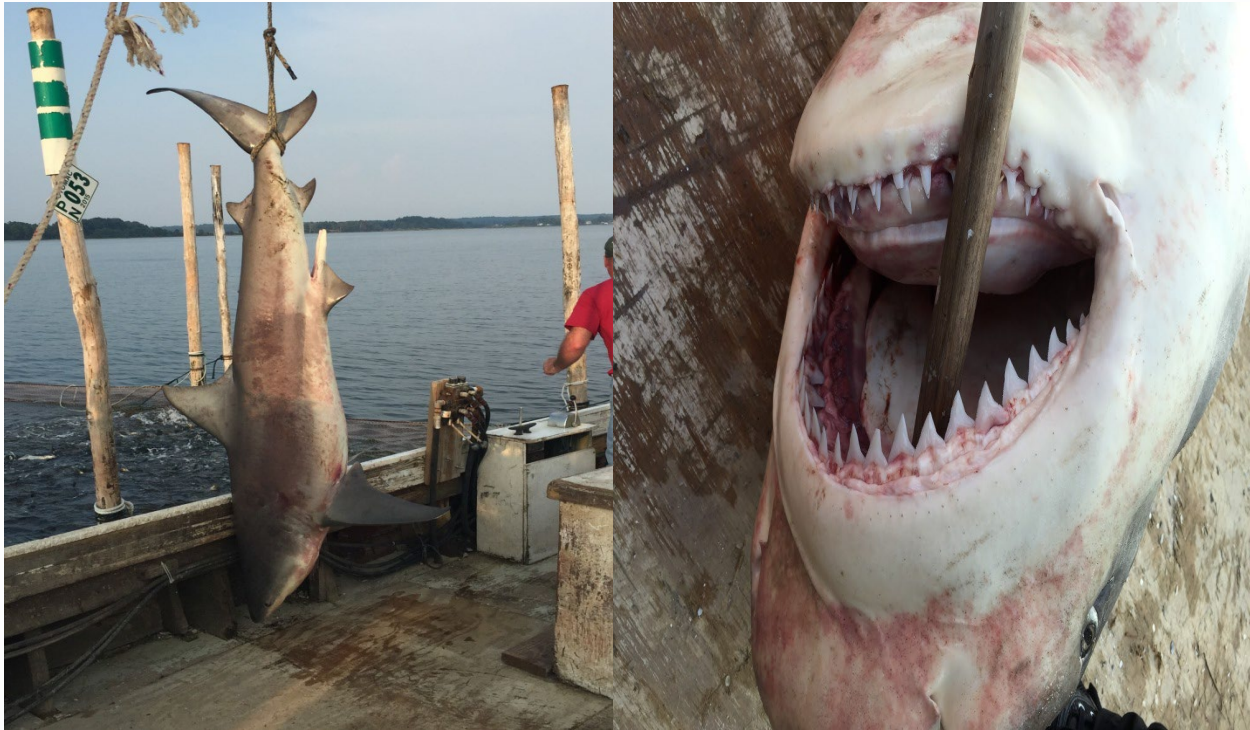

Respectfully Submitted,  
Cathy Horne, Treasurer

## MESSAGE FROM THE SECRETARY: ROB VAN ARSDALE

An eight-foot bull shark was caught this week in the Potomac River in St. Mary's County, Md. Although it isn't totally uncommon to occasionally see a bull shark in the river, state wildlife authorities said it was a large haul.

The shark was caught by Murphy Brown's family, of Coltons Point, Md. The 21-year-old, who works by day as a receptionist at a defense contracting firm, recounted on Friday the shark's capture. She said her grandfather — Robert T. Brown — is a commercial fisherman who has been in business in that area for decades. Her grandfather and dad, Robbie Brown, along with some other people, were out checking their nets Wednesday evening and discovered the caught shark. But the tide was too high and the waters too rough to get it out, she said, so her grandfather and dad went back the next day, but the shark was dead by then.

“I think they were pretty shocked” to see the bull shark in the net, she said of her dad and grandfather. “My dad said in his whole life — and he’s been fishing since he could walk — he’s never seen anything that big before,” she said. “It was mind-blowing to be there and see it. “You hear about other people making a big catch or you see it and you think, ‘wow,’ but then it happens to you,” she said. “It was pretty crazy.”

Their large bull shark catch was first reported by the Southern Maryland News Net. Although bull sharks are relatively rare, seeing one in the Potomac River — particularly in the lower portion, where the river meets Chesapeake Bay — is not unheard of, according to experts from the fishery services of the Maryland Department of Natural Resources.

The agency said it gets a report about once a year of someone spotting a bull shark, usually between late July and September, when salinity levels are high. Sharks, typically, need higher levels of salinity than found in the Potomac, but bull sharks can handle the lower levels, experts said.

“It’s a seasonal occurrence,” said Paul Genovese, a program manager at the fishery services, of seeing bull sharks in the Potomac River.
